1. Authorization to park in any public parking space with metered parking without being required to pay any parking meter fee.
2. Authorization to park for unlimited periods of time in parking zones or areas which are otherwise restricted as to the length of time parking is permitted.
3. Special parking privileges do not apply to those zones or areas in which the stopping, parking, or standing of all vehicles is prohibited or which are reserved for special types of vehicles, to areas where vehicular parking is prohibited for periods in excess of forty-eight (48) hours, or to areas where parking is prohibited for certain periods of time in order to allow snow removal, street construction or maintenance, or for other emergency purposes.
4. Access to fuel from a full-service pump at the same price as fuel from a self-service pump. This applies to locations where fuel is sold at retail from both pumps (retailers are required only to pump fuel, no other services are included in the law.)
5. Self-serve gas stations pump gas when a disabled person with a disability plate or placard requests assistance if there is no able-bodied adult in the vehicle and there is more than one attendant at the gas station. Special window signs will be posted at the gas station.
